RE: Final Record of Decision (ROD) Amendment for Operable Unit 2, Site 10, Hot Spot 2, MCAS Cherry Point, North Carolina, Dated-July 2011.

Dear Mr. Williams:

The North Carolina Division of Waste Management has completed the review of the ROD for OU2, Site 10, Hot Spot 2 and finds that it is acceptable as submitted subject to the following conditions:

- 1. The NC Superfund Section has received and reviewed the Final Record of Decision (ROD) Amendment for OU2, Site 10, Hot Spot 2, at MCAS Cherry Point dated July 2011 and concurs that the selected remedy is protective of human health and the environment.
- 2. The State's concurrence is based solely on the information contained in the Final ROD dated July 2011 for OU2, Site 10, Hot Spot 2. Should we receive additional information that significantly affects the conclusions of the ROD, we may modify or withdraw this concurrence with written notice to the Naval Facilities Engineering Command for MCAS Cherry Point and the EPA Region IV.
- 3. State concurrence of the referenced ROD in no way binds the State to concur in any future decisions or commits the State to participate, financially or otherwise, in the clean up of the site referenced in this ROD. The State reserves the right to review, overview, comment, and make independent assessment of all future work relating to Operable Unit 2, Site 10, Hot Spot 2.

If you have any questions regarding this concurrence or any other matter concerning Operable Unit 2, Site 10, Hot Spot 2, please contact Mr. George Lane at 919-508-8462.

Sincerely,

David Lown
